

ENGLAND'S
DANDER UPSends Fleet of 18 Vessels
To Red Sea.

TO STOP RUSSIAN ACTION

British Company's Ship, Captured By
Russians, Entered Suez Fly-
ing Russian Flag.

Berlin, July 19.—England has informed Germany of the dispatch of an English fleet of eighteen war vessels to Alexandria with the intention of checking Russian illegalities in the Red Sea. It is expected this demonstration will cause Russia to subside meekly. The general feeling here is that the first European complication with regard to the war in the far east has arrived.

FLYING RUSSIAN FLAG.

British Company's Agent Refused Admit-
tance Aboard Vessel at Suez.

Suez, July 19.—The steamship Malacca, which was seized in the Red Sea by the Russian cruiser, Petersburg last week, has arrived here flying the Russian flag, commanded by Russian officers and run by a Russian crew. The British company's agent was refused admittance aboard the vessel.

TWO MORE CRUISERS PASS.

Porte Authorizes Them to Go Through
Dardanelles.

Constantinople, July 19.—The Porte has authorized two additional volunteer cruisers to pass through Dardanelles.

RUSSIANS OUTCLASSED.

Their Losses at Motion Ling Are Computed
To Be 2,000.

London, July 19.—A Press Association despatch from General Korotki's headquarters, dated today, states that the Russian losses in the fight at Motion Ling are now computed at 2,000. The Japanese total losses will not exceed 300. The Japanese infantry demonstrated again their remarkable efficiency in the initiative and showed conclusively that they are infinitely better marksmen than the Russians. For hours they outgirt their enemies and the Russians were outgeneralled at every point.

Japs Nearing Nanchwang.

Tientsin, July 19.—The steamer Fung-ping, just arrived here from Nanchwang, reports that on July 16 the Japanese army was within fifteen miles of that city. The officers of the Russian gunboat Sivouch have sailed horses alongside, ready to make their escape upon the approach of the Japanese.

Well-Known Actor Dead.

London, July 19.—Herbert Campbell, the well known actor, is dead.

FRANCE AND THE VATICAN.

View of the Situation From the Lat-
ter's Standpoint.

Rome, July 19.—From the highest source it is learned that the Vatican's view of the situation between the holy see and France is as follows:

The pope regards the dissolution of the concordat by France as absolutely certain. The pretext is that the holy see, before the visit of President Loubet to Rome, called on Bishop Geay of Laval to resign. He refused and was summoned to Rome to answer the gravest charges. The bishop appealed to the French government, which claimed that the holy see was infringing the concordat, but as the bishop had not been punished, Foreign Minister Delcasse acknowledged that the Vatican was within its rights. However, while in the concordat itself there is nothing to show that the Vatican was not within its rights, Premier Combes differs with his colleagues, and bases his contention on the so called organic articles, which constitute an enlargement or explanation of the concordat, made by the French government, and which was never acknowledged by the holy see. The pontiff is firmly decided to proceed with the case of the bishop, who, if he is not in Rome on the 28th inst., will be suspended. The bishop was invited by Pope Leo XIII. to resign, and refused to do so, showing the case is one of long standing.

At the Vatican it is absolutely denied that any other prelates are concerned in the question at issue.

German Battleship Runs Aground.

Berlin, July 19.—The new German battleship Schwaben, while on her trial trip, ran aground near the island of Fehmarn, damaging seventy feet of her bottom. She proceeded to Kiel under her own steam and was there docked for repairs.

UTTERED WILD CRIES.

Vergennes Man, Thought to Be Insane,
Arrested.

Vergennes, July 18.—For several days past Solomon Ruscoe, who lives near the paddy bed depot, a short distance from this city, has shown by his actions that he was suffering from what seemed to be a mild form of insanity. He drove into town and raced his horse up and down Main street uttering wild cries Monday morning.

Sheriff Dillon, Officer Myatt and Officer Delano of Ferrisburgh, accompanied by Mr. Burkett went in search of him. Ruscoe was found near the old steam saw mill near the residence of Henry Come. When he saw the officers approaching he ran toward the brook which is ten feet wide and plunged into it but before he could regain his feet two of the officers sprang upon him and with the help of the other officer and some farmers who live nearby he was secured. Ruscoe is a strong man and did not surrender without a hard struggle. He was brought to this city and placed in jail to await examination before a medical board.

PRACTICAL SOLDIERING.

Company M, of Burlington, Given Valu-
able Instruction.

Burlington, July 18.—It is doubtful if the members of Company M ever participated in a more successful outing than that of yesterday at the state muster grounds. Saturday night was spent under shelter tents, which were a novelty to most of the men. Bright and early Sunday morning scouts were out locating the "enemy," and they returned at 6 o'clock with a sketch of the hostile position and the surrounding country. Soon after breakfast the company was assembled, and manoeuvred toward the enemy's position, which they reached and carried. On the way back to camp instructions were given in extended order.

The order to "strike camp" was given at 5.30, and the members of the company returned to Burlington about 6.30. In view of the Manassas trip it is planned by the officers to hold another outing sometime in August.

VERMONT TEACHERS IN SESSION.

Seventy-four Were Present at Rutland
Yesterday.

Rutland, July 18.—Gathered in the main room of the high school building today were 74 earnest teachers in the schools of Vermont, who will for two weeks be instructed by educational experts who have come to Rutland from all parts of the country under the auspices of the State Summer school for teachers. Several additional enrollments are expected later.

The majority of the teacher pupils are from Rutland county and adjoining counties, and the attendance is very largely feminine. Four lectures were made today at the first session of the school.

WHOLESALE LIQUOR RAID.

Four Men Raided by Rutland Police Sat-
urday Night.

Rutland, July 18.—As a result of a campaign by the police department Saturday evening, when four places were raided, liquor enough was secured to stock a wholesale house. Henry A. Barrett, A. G. Balsner, John F. McGuirk, Martin E. Brown were arrested. Barrett, McGuirk and Brown appeared this morning in city court and were held in \$500 to appear for trial later. Balsner did not appear and is believed to have skipped the state.

WOODMEN WON.

Graniteville Lodge Defeated Washington
Grangers.

Graniteville, July 19.—The Modern Woodmen ball team defeated the Washington Grange at this place yesterday afternoon by a score of 13 to 9, in a well-played game. Doyle and Seaver were the battery for Washington, and Coninsky and Craig for the Woodmen. Coninsky struck out 12 men.

CASTLE PARK THEATRE.

The title of the play at Castle Park theatre tonight will be "Why Women Trust Men," a rural and society drama, which will appeal to all classes of theatre-goers.

Last evening the company gave excellent satisfaction with a piece entitled "Broken Heart."

Hartman of the Burlington team was never popular with Rutland baseball patrons and seems to be less so than ever this season. His penchant for dirty playing has permanently quered him here. There were two or three instances of his tendency in this direction in Saturday's game.—Rutland News.

Fatal Fight Over a Woman.

Peoria, Ill., July 19.—William Freeman and Samuel Slater, machinists, are in hospital suffering from fatal wounds inflicted in a savage fight over Mrs. Freeman, who is Slater's sister. Freeman and his wife recently separated, and the husband lay in wait for her and her brother in a lonely spot. When Mrs. Freeman and her brother came along Freeman shot Slater in the abdomen. Slater, despite his wound, drew a knife and inflicted numerous cuts about Freeman's head, neck, face and arms. Both men were unconscious when the police arrived and removed them to the hospital.

Negroes Kill White Boy.

Holt, Ky., July 19.—Three negroes, named Greenway, in attempting to hold up and rob Arthur Scott, a white boy, fatally wounded him, crushing his skull. They were captured after a chase and taken to Topeka for safe keeping. They were brought back later. A bitter feeling exists here and trouble may result.

THREATENS
THE PACKERSPresident Donnelley of

Says a Sympathetic Strike Involving
14,000 Other Workmen Will
Be Declared.

Chicago, July 19.—President Donnelley of the butcher workmen today addressed a letter to J. Ogden Armour declaring that unless the packers agreed to reinstate all the employees on strike within a specified time, pending arbitration, a sympathetic strike of about 14,000 other workmen at the yards will be called.

CHARGED WITH DESERTION.

General Court Martial to Hear Case
Against Fort Ethan Allen Prisoners

Burlington, July 19.—Charges of desertion have been preferred against Prisoners Robert A. Capelle, Frederick Allen and D. A. Powers, the men who took their liberty last Thursday and were apprehended Saturday morning by Lieut. William D. Forester, 15th cavalry. The charges against the sentry, Private Lee Brown, Troop A, 15th cavalry, are desertion, quitting his guard and allowing prisoners to escape, and as he was an accomplice of the men, he will be severely punished. The charges of all the men have been forwarded to department headquarters for action and on their return the men will answer before a general court martial for their offences.

The prisoners claim that Brown the sentry is responsible for the delivery, as he made the first move, at one o'clock in the afternoon, by asking the prisoners to "skip" with him.

KILLED THREE BEARS.

Blue-Berry Pickers on Bald Mountain
Surprised.

Rutland, July 18.—Several people from Claremont went to Bald Mountain Saturday blue-berrying, and found not only the berries but bears also, somewhat to their surprise. The party consisted of L. P. Stroudish, L. S. Standish, W. E. Standish and Louis Martin. L. S. Standish, who is employed in this city, found a big she-bear, and from the story told by one of the others, the bear nearly found Standish first. The bruins proved to be a 200-pounder and two cubs. A rifle was secured at Claremont, the three bears were killed and the bodies of two were sold to local parties for meat.

BOY LOST HIS LEG.

Got Under a Train at Albion—Case a Pit-
iful One.

St. Albans, July 19.—The sad accident which occurred at Albion yesterday morning, when Albert Gordon, a boy of eleven, was run over by the cars, culminated here last evening when his left leg was amputated half way between the knee and the thigh.

The case is a very pitiful one, the family consisting of the father, mother and six children being very poor. The parents both work out for a living and the boy who was injured was the eldest and upon him devolved the care of the other five children.

Papers

TO FACE SERIOUS CHARGE

Will Be Arraigned in Few Days on
Charge of Repeated Felonious
Assaults.

Montpelier, July 19.—Hiram Dean of Marshfield, who was arrested Friday night in Haverhill, Mass., for repeated felonious assaults upon Josephine Kent, the fourteen year old inmate of his family, was brought here last night and lodged in jail. Dean at first refused to come to Vermont without requisition papers but yesterday morning he changed his mind and came with Constable J. B. Pike of Marshfield.

The young woman is in this city and Bean probably will be arraigned in a day or two.

BURLINGTON DEFEATED.

Dusky Ball Players Won Easily by Score
of 6 to 3.

Burlington, July 19.—The Cuban X Giants played Burlington yesterday at Athletic Park, a fair sized crowd being present. The dusky visitors won out 7 to 5.

The game was full of interesting plays and much comedy was furnished by the coaching and general remarks of the Giants, especially Williams, the fat catcher who has been a familiar figure behind the bat with this aggregation in Burlington for several years.

Burlington scored three runs in the first inning and that was all. Lawrence led off with a home run. Hays followed with a single and Wall cracked out another homer. It was evidently the idea of Buckner, the opposing pitcher, to let the boys hit the ball often and give the fielders a chance, but they swatted it too hard. During the remainder of the game Burlington hit safely but four times.

AN EXHIBITION GAME.

Rutland Batted Out Victory Over St. Al-
bans Yesterday.

Rutland, July 19.—Rutland defeated St. Albans here yesterday in the \$400 exhibition game by a score of 14 to 7. It was a good game to watch up to the eighth inning when the homers got on their batting clothes and pounded out nine runs. Up to that time Griffin had pitched good ball. Hoar pitched a fair game for Rutland. Grant made two three-base hits.

Score by innings:
1 2 3 4 5 6 7 8 9
Rutland 2 0 2 0 1 0 0 0 x 14
St. Albans 2 0 0 1 0 0 0 0 7
Base hits, Rutland 14, St. Albans 13; errors, Rutland 4, St. Albans 6; batteries, Hoar and Duff; Griffin and Higgins.

BASE BALL NOTES.

McEnaney of Woonsocket, R. I., will be given a trial on second base by the Barre-Montpelier management.

The Barre-Montpelier team went to Burlington today to play Burlington. Sheldon will be in the box and the game promises to be close.

Dresser will pitch the game here tomorrow afternoon with Rutland. A big crowd is expected as this is the first appearance of the Rutland team in this city.

There is a miniature feud in existence between the conductors and motormen of the Rutland Street Railway company and the managers of the Rutland Baseball Association. It has been the custom of the railway men who are off duty to drop in and see a few innings of every game without paying admission and as compensation the baseball players were carried free on the cars. Saturday the baseball management shut down on the railway men and as a consequence the baseball club members will have to pay their fares or walk. The matter is creating a lot of talk in Rutland.

LOOKING AT SITES.

Committee from City Council Visits Vari-
ous Lots

The committee appointed by the city council—Mayor Barclay and Aldermen Robins and Burke—with Aldermen McKenzie, fire chief Campbell and building inspector Colburn, made a tour of inspection yesterday afternoon of the various lots that have been offered the city for a fire station site. They visited proposed sites on Elm and Summer streets, South Main and Prospect streets, looked them over and made measurements. The committee is expected to report at the meeting of the board of aldermen tonight, but it is not probable it will recommend any one of the lots for purchase, though it is stated the Slayton property is looked upon with more favor than any of the others. This property has about 105 feet frontage on Main street and is about 150 feet deep.

SIZZLING

in Barre Today.

MERCURY 94 IN SHADE

Most of Granite Sheds Shut Down This
Afternoon—Work on Quarries
Greatly Hampered.

It was a hot day yesterday. Today it was another of the steaming, broiling, sizzling sort. Humanity baked under the hot rays of a relentless sun; and there was little relief in the shade, either. Work in the granite industry was stopped or interfered with seriously. Many of the cutting sheds shut down this forenoon, and more closed their doors this afternoon. There was the same condition of affairs at the quarries. So far as known there were no prostrations, however.

The highest point that the thermometer went yesterday was 91 in the shade. This forenoon the same thermometer registered 85.

At one o'clock this afternoon thermometers ranged from 90 to 94 in the shade.

Heat Yesterday.

Pittsburg, Pa., July 19.—The excessive heat of the past 48 hours was broken yesterday by a heavy thunderstorm which prevailed throughout Pittsburg and nearby towns. Its effect was to bring the government thermometer from 90 down to 79 degrees within half an hour. While the government thermometer, on top of a 24 story building registered a maximum of 90, reliable instruments on the street showed a maximum of 104.

During the extreme heated period many prostrations and five deaths that could be traced directly and indirectly to the hot weather were reported.

95 Degrees in Detroit.

Detroit, Mich., July 18.—A number of cases of heat prostrations were reported here today, one resulting fatally. The maximum temperature was 95 degrees.
